### Safeguarding Sunday September 11th

This weekend, the Catholic Church in Australia marks Safeguarding Sunday, on which we pray for those who have been abused, their families and supporters. We recognise and apologise for the harm done by priests, religious and lay people in Church settings. Rebuilding trust and confidence in the Church requires constant work and vigilance. We recommit to cultural change that will help the Church be a place where people feel safe and supported. You can find out more about the Church's work in this area at

### Prayer for Safeguarding Sunday

Gracious God, you love and care for all of your children, especially the smallest and most vulnerable. We entrust to you the lives of children and adults at risk who have been sexually abused, and whose trust and innocence have been destroyed. Help us to hear their cries of pain and to take responsibility for those whose lives have been broken. Help us to recognise the hurt felt by those wounded by abuse, and the failure to be heard. We pray that with the help of your grace communities and families will find understanding and support, so that now and in the future their wounds may be healed and they may find lasting peace.

Let your grace and love fall gently now upon our children and adults at risk, giving them the inner strength, peace and resilience to seek out assistance when required. We ask this prayer through our Lord Jesus Christ, your Son, who lives and reigns with you in the unity of the Holy Spirit, God forever and ever. Amen

We are committed to the  
NATIONAL CATHOLIC  
SAFEGUARDING STANDARDS

**A reflection for the Season of Creation - by Fr Andrew Hamilton SJ:** The Season of Creation is a month that brings together people from different Churches to attend to the Environment. It invites us to listen to the cry of the environment and to reflect on what we must do as individuals, as citizens, workplaces, nations and as the world to address the urgent threat of global warming.

Listen to the  
Voice of creation  
SEASON OF CREATION 2022

To listen to the cry of creation is not like shutting out all other sounds in order to hear a single bird's cry in a forest. The environment is around us, within us, above us, beneath us and beyond us. Its voice is the voice of the universe. When we listen to the cry of one part of the environment to which we have responsibility, we are led also to attend to all the relationships that compose our environment and

to the way in which they interact with one another to form the world in which we live. Care for the environment will embrace all our relationships, ranging from those with the air we breathe, the food we eat, the things we buy, the way we travel, dress, speak, listen and work, to our relationships with ourselves, with family, friends, hospitals, people who are homeless and excluded, schools, workplaces, banks, politics and with our world. Care for the environment is not one single aspect of our lives. It embraces all aspects of our lives.
