Focus on the Scriptures

This is a story of the day labourers of Jesus' time. The 'early birds' contracted for the just wage of one denarius and did the hard work over the course of a long day. They were outraged when latecomers also received a denarius.

This little parable circulated in the Christian community of the first century because there was great antagonism between the Jews who became followers of Jesus and the non-Jews, the 'Gentiles'. Jewish Christians looked at their long history of hardship preparing for the coming of the Messiah. And, now, here were these Gentiles who had done nothing by comparison, and God appeared to be granting them whatever it took to enjoy the 'daily bread' of the Kingdom of God.

Jewish Christians had to be shocked out of *their* idea that God's grace could *not* be lavished on those outside the boundaries of the Chosen People.

We could pause to pray to be taken by happy surprise by those billions of people outside the Church who, by the grace of God, will share with us 'the Bread of Life', given for the salvation of *all* the world.
