November Remembering our Past Family members and friends. Those who have been prominent in our lives. During this month we will be remembering as usual those who have died and we wish to pray for. There are envelopes in your planned giving sets and more on the seats of the church.

LOOKING FORWARD. This is a continuation of the Diocesan process to refine the way we will function as a Parish and as a Diocese. There will be fewer priests serving the same number of parishes. How will we cope into the future to spread Good News?

Fr Justin Driscoll and Amanda Smith, the Bishop's Professional Assistant, will be here on 23rd November at 5pm to meet in a group discussion at the School Resource Centre. They want to listen to what we have to say and suggest.

All who are associated in the life of the parish are requested to attend if at all possible. We include those who are on the parish council, those who are on the maintenance and finance committee, the staff at St Joseph's School, parents of the students at the school, special ministers of the Eucharist, those who assist in the funeral ministry, church cleaners and of course parishioners themselves.

Let us continue to support Bishop Paul and every parishioner in the Diocese to find a positive way forward.

St. Joseph's Christmas Fete

Every year we ask family and friends of St. Joseph's for their support in donating items for the spinning wheel, and each year this generates a wonderful response from you all.

If anyone is interested in donating a raffle prize for one of the raffles, please contact one of the committee members listed below.

Donations may be left in the 'old school office' during school hours.

All donations are very welcome and much appreciated.

A challenge from *Laudato Si: On care for our common home*. (Pope Francis, 2015): "Let us sing as we go. May our struggles and our concern for this planet never take away the joy of our hope" (LS 244). Although we must be concerned about what is happening to our planet – we must also enjoy and thank God for all that has been created - we must never lose hope in human kind. ACTION: Rediscover your sense of wonder and awe of creation. Walk on the beach. Stop and smell the flowers. Enjoy the feeling of water, dirt, grass under your feet and between your toes.
