## Appendix A

### Assessment consideration

Please consider the following points prior to submitting this application.

1. Grant Amounts – Each grant application can be up to \$5,000 per school. Schools with multiple campuses will be treated as one (1) school.
2. Government Funding – The Foundation will not preference grant applications to support programs that are already wholly/partially government funded or have been government funded previously.
3. Mission – The Foundation will prioritise applications that align with its mission, critically to provide relief, support, and comfort of those suffering from disadvantage within the Diocese of Ballarat.
4. Applications: - Foundation applications will be assessed by the Foundation board at the November meeting.

**Regrettably, not all applications received will be successful. Please note also that the decision of the Foundation Board is final and not subject to any appeal process.**
